## OATS 27c.

The following telegram was received after noon to-day:

"Calgary, Nov. 18, 1901.  
"Telegram from Prof. Robertson saying that the department having better ocean rates than formerly has advanced the price of oats on contract three cents per bushel, and good for four and a half weeks. Farmers now to receive not less than 27c."  
"(Signed) 'C. MARKER.'"

### LOCAL.

—G. G. Mann left to-day, for Saddle Lake.

—The Deering Co. are filling a car with oats.

—Ross & Lee loaded a car, with oats on Saturday.

—J. H. Shedd returned on Saturday from Star.

—Mrs. S. S. Taylor left on Friday for her home in Nelson, B. C.

—A two storey extension has been added to the Strathcona House.

—The Old Timers association meet in the fire hall to-morrow evening.

—The sidewalk is being re-planked in front of Stovel's hardware establishment.

—Mrs. W. J. Richardson, leaves on Wednesday to join her husband in Calgary.

—The Dominion Elevator Co., Strathcona, loaded a car of oats Saturday.

—A fancy dress carnival will be held on the Strathcona rink on Wednesday evening.

—A. E. Schantz, representing the Hudson Bay Knitting Co., Montreal, is in town.

—The capacity of the freight shed at Strathcona is being doubled by an extension to the north.

—W. J. Webster came in on Friday from Westport, Ont., with 200 sheep for sale to farmers here.

—H. A. Hulbert, Strathcona, has about completed a two storey frame residence in the east end.

—Messrs. McIntyre & Blain began buying oats to-day in Jackson & Grierson's warehouse on Fraser avenue.

—The Epworth League of the Methodist church will hold a social evening on Thanksgiving day.

—T. McGee, of Star, has rented his farm and will accept an agency with the Frost & Woods machinery company.

—Oat shipments last week were heavy, so much so that the difficulty was to get cars to accommodate the shippers.

—A special came in on Saturday. The heavy traffic now passing over the road requires from three to four special cars per week.

—A memorial service was conducted by Rev. T. C. Buchanan at the Methodist church last evening in memory of the late N. J. Eldon.

—Strathcona Presbyterians have nearly finished a splendid two storey manse on Main street, opposite the Presbyterian church.

—The reading room committee meet to-morrow evening in the room at 8 p.m. The meeting is not confined to the committee and all interested are invited to be present.

—F. Vickerson came up from Lacombe on Saturday. He reports business brisk at Lacombe. Although oats are up to 27c there, no large quantity has yet been marketed.

—Last week H. Goodridge, for the Deering Co., purchased two loads of oats from Mr. Lewis, of Lamoureux, which weighed 110 lbs to the two bushel sack. This is within ten pounds as heavy as wheat.

—Winnipeg's weather report in the Telegram for week ending Nov. 12th, gives the lowest temperature on Nov. 6th, 5 below zero. There were traces of snow and rain for the week. Highest temperature, 42.5.

—Messrs. Yeigh and Ackland, of the Toronto Globe, came in on Thursday to collect information for a forthcoming article in the Globe dealing with Northern Alberta. The gentlemen returned south on Saturday.

—Tribune: In addition to the heated refrigerator car service reported in yesterday's Tribune as having been arranged for by the C. P. R., the company will also give a similar service between Calgary and McLeod, and Calgary and Edmonton.

—The young bachelors gave their first assembly of the season at Robertson Hall on Friday evening. About eighty were present and a very pleasant evening spent. V. W. Harford presided at the piano. Refreshments were served at midnight.

—St. Andrew's society met in the office of Sec. Tress. Kinaird on Friday evening to make arrangements for their annual supper and elect officers for the year. The election resulted in the election of G. J. Kinaird as president; F. T. Fisher, 1st vice; Dr. Whitlaw, 2nd vice; T. Harwood, secretary.

—The committee on arrangements for the supper are Messrs. T. Lauder, A. R. McDonald, H. McKay, and W. McKay. The supper will be held on the 29th of the present month.

—Rev. D. H. Lent, of White Whale lake, is in town.

—Mrs. Furbush and daughter went to Banff on Friday.

—The hockey club meet in the curling rink this evening.

—J. C. Brown came in on the Athabasca Landing stage on Saturday.

—Inspector Bryan goes to Lac Ste Anne this week on a tour of inspection.

—F. Cummer, formerly of the Strathcona Sun, has taken a position on the Bulletin staff.

—Major Becher has removed to the house formerly owned by T. Grindley on Jasper avenue east.

—The Criterion restaurant will be continued as usual under the management of Mr. J. C. Johnston.

—A half dozen fork handles picked up on the south side trail to the Fort await an owner at the police barracks.

—The band met in the fire hall on Friday evening to arrange for their annual concert. The concert will be given in Robertson Hall on Wednesday, Dec. 18th. The programme will consist of vocal and instrumental music and conclude with a humorous farce.

—Those buying oats in Strathcona at present are J. W. Blain, J. McFarland for Dominion Elevator Co., Thos. McKelvie, R. Ritchie and the Brackman-Kor Co. The oats came in heavily last week, the price ranging about a cent per bushel higher than on this side of the river.

—A requisition asking Councillor Jas. T. Blowey to stand for the mayoralty at the forthcoming town election was circulated on Saturday and a large number of signatures secured. Mr. Blowey has been very satisfactory in his position of councillor and no doubt will be elected fill the mayoralty as creditably.

—Information concerning the Strathcona post office robbery of a valid nature it is impossible to get. Naturally the post office officials and the police have no information for publication, while everyone else disclaims all knowledge of the affair. Even the rumors commonly current on such occasions are few in number and unimportant in nature.

—Strathcona's light system is giving good satisfaction. Three arc lights have been put in on Whyte avenue. It is the ultimate intention to increase this number to five and to install a considerable number of clusters of incandescents on other streets. Many of the business houses and several private residences have adopted incandescent lights. The plant has a capacity of 1,000 lights; about 360 are now run.

—Lacombe has a resident photographer, W. H. Hanna, of Edmonton, having purchased the business of J. A. Brown. Mr. Hanna has for a number of years been in the employ of C. W. Mathers, of Edmonton, who is one of the foremost photographers in Canada, and Lacombe may feel justly proud of securing such a desirable acquisition to the town. Mr. Hanna is already at work at his studio on Alberta street.

## GARBAGE CREMATORY.

The question of the disposal of garbage is a serious one in every city, town and village, only second in importance to the question of sewerage. The system followed in most Northwest towns is utterly impracticable. An area of land in or beyond the outskirts of the town is purchased as a nuisance ground. Within this area all the accumulations of garbage are dumped, to offend at least the sense of smell and to spread disease in any direction the wind may be blowing. Sometimes a weak attempt at burning the garbage is made. This adds to the horrors of the situation. The most common method is to spread, borne by the smoke. The civilized way of disposing of garbage is to provide a furnace or furnaces in which it can be burned rapidly and to which the smell can be confined. Such a furnace or crematory is urgently needed at Edmonton.

The following is a short notice from the Telegram of a garbage crematory recently installed in the city of Winnipeg, which seems to do the work satisfactorily:

"The new garbage crematory will do the work required of it, and the problem of disposing of the city's garbage has apparently been solved. The first test was made yesterday in the presence of Ald. Harvey, chairman of the market, license and health committee, and Sanitary Inspector Pearson. Eight loads of garbage of various kinds were dumped into the receiver of the plant and it took only about five minutes to reduce them to an ash heap. Two barrels of coal were required in the operation. It was found, however, that there is no sufficient escape for the superfluous steam, and the plant will be shut down until the defect is remedied."

## A RISKY VOYAGE.

In these days of swift and gigantic ocean going vessels, wonder is often expressed at the courage and enterprise of the navigators of olden times, who ventured across the oceans and around the world in slow sailing vessels no bigger than a fishing smack. But the courage and skill of the ancient navigators is surpassed by a couple of young Canadians who have completed a voyage across the Pacific ocean from the northern into the southern hemisphere in a canoe. The voyagers are J. C. Voss and Norman Laxton, who left Vancouver, B. C., in August last. They had arrived at Auckland, New Zealand, on October 12th, calling at Samoa on the way. Mr. Laxton is a son of W. F. Laxton, of Winnipeg, founder of the Winnipeg Free Press.

## THE C. N. R.

Telegram: Wm. Mackenzie, of the firm of Mackenzie and Mann, arrived yesterday afternoon from Port Arthur. Mr. Mackenzie left Toronto on Saturday and was joined at Port Arthur by his partner, D. D. Mann. Together they went over the Ontario and Hainy River section of the Canadian Northern railway as far as the end of the track, after which Mr. Mackenzie came on to Winnipeg, leaving Mr. Mann on the eastern end of the line.

"When will the rails connect Port Arthur and Winnipeg?" asked a Telegram reporter of Mr. Mackenzie last evening.

"The date cannot be definitely stated, but will not be long now," replied Mr. Mackenzie. "The scarcity of laborers experienced for past months has been alleviated and as large a number of men as can be handled are now at work on the line. The track is being laid at the rate of a mile and a half a day. Very little bridge work remains and the only work left is rock cuts left. Double gangs of men are working on these cuts night and day and the greatest amount of work which remains to be done in any of them is 125 feet. These gangs are working at both ends of 'the cuts and should finish the work very speedily.'"

Asked whether the Strathcona-Edmonton line would be completed this year or not, Mr. Mackenzie said that it all depended upon the weather. "Work is going ahead rapidly, he added, and if it does not freeze up too quickly we might get it finished."

Mr. Mackenzie expressed himself as very well satisfied with the work being done by the lines now in operation. He will remain in Winnipeg for several days.

## TO A FINISH

In a speech in London on Lord Mayor's day, Lord Salisbury made the following reference to the Boer war, which will meet the approval of all well wishers of the empire and of the civilization which it represents:

"I deeply regret the ravages of the war in the colonies to which we are anxious to accord the most practicable measures of self-government; but we have had neighbors in South Africa whose conduct for years has been a menace to the stability of that section of our empire. Now we are engaged in removing this menace, and we are determined to do it so efficiently that it will never require doing again."

## HEAVY GRAIN SHIPMENTS.

The grain shipments continued to be very heavy on Monday. The total quantity marketed at C. P. R. points was 421,000 bushels. The number of cars loaded was 445, and the number of cars sent east 325. Neepawa again headed the list in the quantities of wheat marketed with a total of 15,000 bushels.

## MARKETS.

Beef, 2 1/2c live; 5c dressed.  
Pork, 5 3/4c live, 7c dressed.  
Mutton, fairly plentiful, 4c live, 9c dressed.  
Geese, ducks, turkeys, 10c per lb.  
Eggs, scarce, at 25c.  
Butter 20c to 25c.  
Potatoes 30c.  
Onions 1 1/2c.  
Oats 22c to 24 1/2c.  
Wheat 50c to 60c.  
Hay 85 to 95.50 per ton.

## STRATHCONA.

Plaindealer, Nov. 15.  
Mr. O. Bush has resumed, for the winter, his position as grain buyer for the Dominion Elevator Co.

The Strathcona Electric Light Co. propose to give the churches a rate of 37 1/2 cents per light per month. This rate is certainly cheap in comparison with the regular rate charged.

J. H. McWhirren left last week for Red Deer to take charge of the Brackman-Ker Co's elevator at that point.

Messrs. Archie and Alex Cameron were at work last week building a new bridge at the crossing of Mill Creek on the Y road. In the meantime farmers living east of town have had to haul their grain around by the Dowler hill and up the grade from the bridge, owing to the unsafe condition of the log-ranch grade which was not repaired before the frost set in. The new bridge was completed yesterday and is now open for traffic.

The Strathcona skating rink was formally opened on Wednesday night. The ice was in fine condition and there was a good crowd in attendance.

Quite a number of young people from Edmonton were over.

Messrs. S. L. Wilkin and H. Wilson, of Strathcona, have purchased the general merchandise business of Morris & Co. at Fort Saskatchewan, and will take possession at once. The new firm will be known as Wilkin & Co.

## PRINCE ALBERT.

Mr. T. O. Davis, M. P., returned home from a short visit to Ottawa and other eastern points on Thursday last. While in Ottawa Mr. Davis had interviews with several members of the cabinet, on the question of provincial powers for the Territories, his visit being at the same time the Territorial ministers were at the capital in connection with that question.

The Strathcona skating rink was formally opened on Wednesday night. The ice was in fine condition and there was a good crowd in attendance. Quite a number of young people from Edmonton were over.

## CHEAP TELEPHONE.

Neepawa Press.  
The Winnipeg Free Press of the 4th inst. said: "The number of telephones in use in Toronto places that city in a position only exceeded by two other cities on the continent, when considered on a percentage basis, in relation to the number of inhabitants. There are 5,000 telephones in Toronto, which with a population of 200,000, involve a service of 1 in 25. San Francisco leads with a service of 1 in 16 and Boston is second with 1 in 21."

Technically the Free Press may be right in saying Toronto's percentage of telephones to population is exceeded by only two other cities. But the "town" of Neepawa puts San Francisco and Boston as well as Toronto in the shade in this respect. We have here 120 telephones in use with a population of 1,018, or one telephone to every 11 persons.

We will venture to say that in regard to price also Neepawa enjoys first position. The rate here for business telephones is \$20 a year and for a residence \$10 a year.

The explanation of Neepawa's position of pre-eminence in the use of telephones is that ours is a municipal system, maintained by the people for their own use and not to make money for a few at the expense of the many.

Branch, Nov. 10. -- The immigration branch of the department of the interior is filling the Canadian Northwest with people. The arrivals from the United States during the past year have exceeded that of any previous year in the history of the country. The arrivals from Great Britain were also larger than in any other year. The total returns for the year ending June 4 last, as shown by the annual report, which is now in the hands of the printer, give the arrivals in Canada for that period as nearly 50,000. The exact number was 49,162. Of these 31,622 arrived at ocean ports and the balance, 18,540, came from the United States and are among the best settlers for the Northwest. Of those who came by ocean ports, 9,381 were English, 833 Irish, 1,476 Scotch, 529 Germans, 838 Scandinavians, 492 French and Belgians and 17,572 from other European countries.

E. H. Phillips, of Ottawa, assistant to A. O. Wheeler, who has been in charge of the recent photographic survey in the Selkirk, passed through this city Saturday afternoon on his way to Vancouver. Mr. Phillips has also been assisting S. W. Walter, C.E., in a governmental survey of the Selkirk line, west of Edmonton. The country which has recently been divided into townships is, according to Mr. Phillips, a remarkably level territory. There are also fine stretches of wooded territory. Many settlers have already come to this country, and are all doing well. They are engaged in the grazing industry. Mr. Phillips has a bright future for this district. --Telegram.

## MANITOBA OLD TIMER DEAD.

E. Clement Smith, a Manitoba old timer, died of wounds and pneumonia at Harriemuth, Orange River Colony in October. In February last he secured a commission as a second lieutenant in the Imperial Yeomanry, with temporary rank as captain and adjutant, and did excellent work in South Africa. Upon one occasion Lord Kitchener telegraphed a complimentary message to him and Gen. Buller, in thanking him for his work, expressed the hope that he would shortly be able to increase his command. He assisted at the capture of "Lotto's" commando, and afterwards, while leading "Clement's Scouts" from Bethlehem to Harriemuth, he received the wound which proved fatal. Since his death occurred it has been announced that he had been made a Companion of the Distinguished Order for his assistance in the capture of Lotter. He came to Manitoba in 1871, and was Dominion lands agent at Brandon for a number of years. In 1885 he assisted in raising the Manitoba Grenadier regiment for service in the Riel rebellion of 1885. This regiment formed a part of General Strange's force in his expedition against Big Bear at Fort Pitt. One company remained at Edmonton as a part of the garrison here. Mr. Smith served with the regiment throughout the rebellion. He was in his fifty-first year at the time of his death.

## It is all Very Well

For people to have prejudices if they can afford to pay for them:

The idea that a man cannot look like a gentleman in a Ready-Made Suit or Overcoat is an expensive prejudice; and the man who indulges in it is quarter of a century behind the times. He totally fails to realize the extraordinary advance made in the production of Ready-Made Clothing by a few Canadian manufacturers.

We are prepared to admit that in regard to much of the Ready-Made Clothing offered the public many of the old-time objections still hold good. But in the Clothing we are offering, made specially for us, out of cloth and trimmings of our own selection, after our own designs, by the most expert workers that can be procured, these objections have been absolutely eliminated.

Our Overcoats at \$12, \$15 and \$18 are in every respect as good garments as your tailor can produce at \$20, \$25 or \$30. They wear as well; in many cases they look better; they fit as well; they leave nothing to be desired in the way of fit or finish. What more is wanted?

The same may be said of the Suits. Many of the most level-headed business and professional men in town are wearing our Tweed Suits. Their friends suppose they get them from eastern tailors at a cost of \$25 or \$30, and would be surprised to learn that they only paid \$10, \$12 or \$15 for them, at

## THE OPEN DOOR

Is not desirable at this season. One that is built of good sound lumber and which shuts up tight is the best. That kind can be had here.

We have a full line of DOORS AND STORM DOORS. SASHES AND STORM SASHES.

Also a good assortment of Lumber, Shingles, Lath, Lime, Etc., at

W. H. CLARK'S,

Sash & Door Factory, Main-St., Edmonton.

## A Search for Stoves

should end in this store. Useless to seek better value or lower-priced goods elsewhere. The Best Stoves are offered and lowest prices made here. Our new line of

Coal and Wood Heaters  
Coal and Wood Ranges

and Stoves of every other variety is very complete. The design of these Stoves is very handsome and the construction is perfect. They give the most satisfactory results with the least consumption of fuel.

## A Business of Many Little Items

and some Big Ones. And our popularity arises from the fact that these same small items are to be found here in greater variety and of better quality than most stores care to keep. We

Have What You Want  
When You Want It

and generally at the prices you want to pay.

It Pays to Buy at  
Ross Bros.
